

# **Video Formats**

---

**(When is “MP4” not “MP4”)**

---

# Non DLNA Media Player

- Probox PBR-500
- Has HD TV Tuner
- Can install Hard Drive
- Says it can Play MP4's

# ABC Iview

- File extension is “MP4”
- Ulead Video Studio says “File Format Mismatch”
- Quick Video Converter says “Duration is 0 or Video Codec is not installed on your System”
- Video Redo TV Suite V4 says “Unable to open file”
- What next ???

# Quick Media Converter

- CocoonSoftware.com
- “Front End” for several command line tools
  - FFMPEG
  - Camstudio
  - Can add “Profiles” for conversion
